

Dear Reviewer RUI XIE ,

On behalf of the Organizing Committee of the IEEE PES Innovative Smart Grid Technologies Latin America 2025 (ISGT-LATAM 2025), I would like to extend our sincere gratitude for your valuable contribution as a reviewer of the following paper(s):

ISGTLA065 - Operational Optimization of Storage Units in Distribution Microgrids with High Photovoltaic Penetration

Your expertise, time, and thoughtful evaluations were instrumental in ensuring the quality and integrity of the technical program. The success of ISGT-LATAM 2025 depends greatly on the dedication of professionals like you, who generously support the peer-review process to maintain the high standards of IEEE conferences.

We deeply appreciate your efforts and commitment to advancing the field of smart grid technologies in Latin America and the Caribbean. We look forward to your continued involvement in future IEEE PES initiatives.

With appreciation,

Dr. Guadalupe Gonzalez
Conference Chair
IEEE PES ISGT-LA 2025
